

Cider Creek Hard Cider Private Function Layout Options

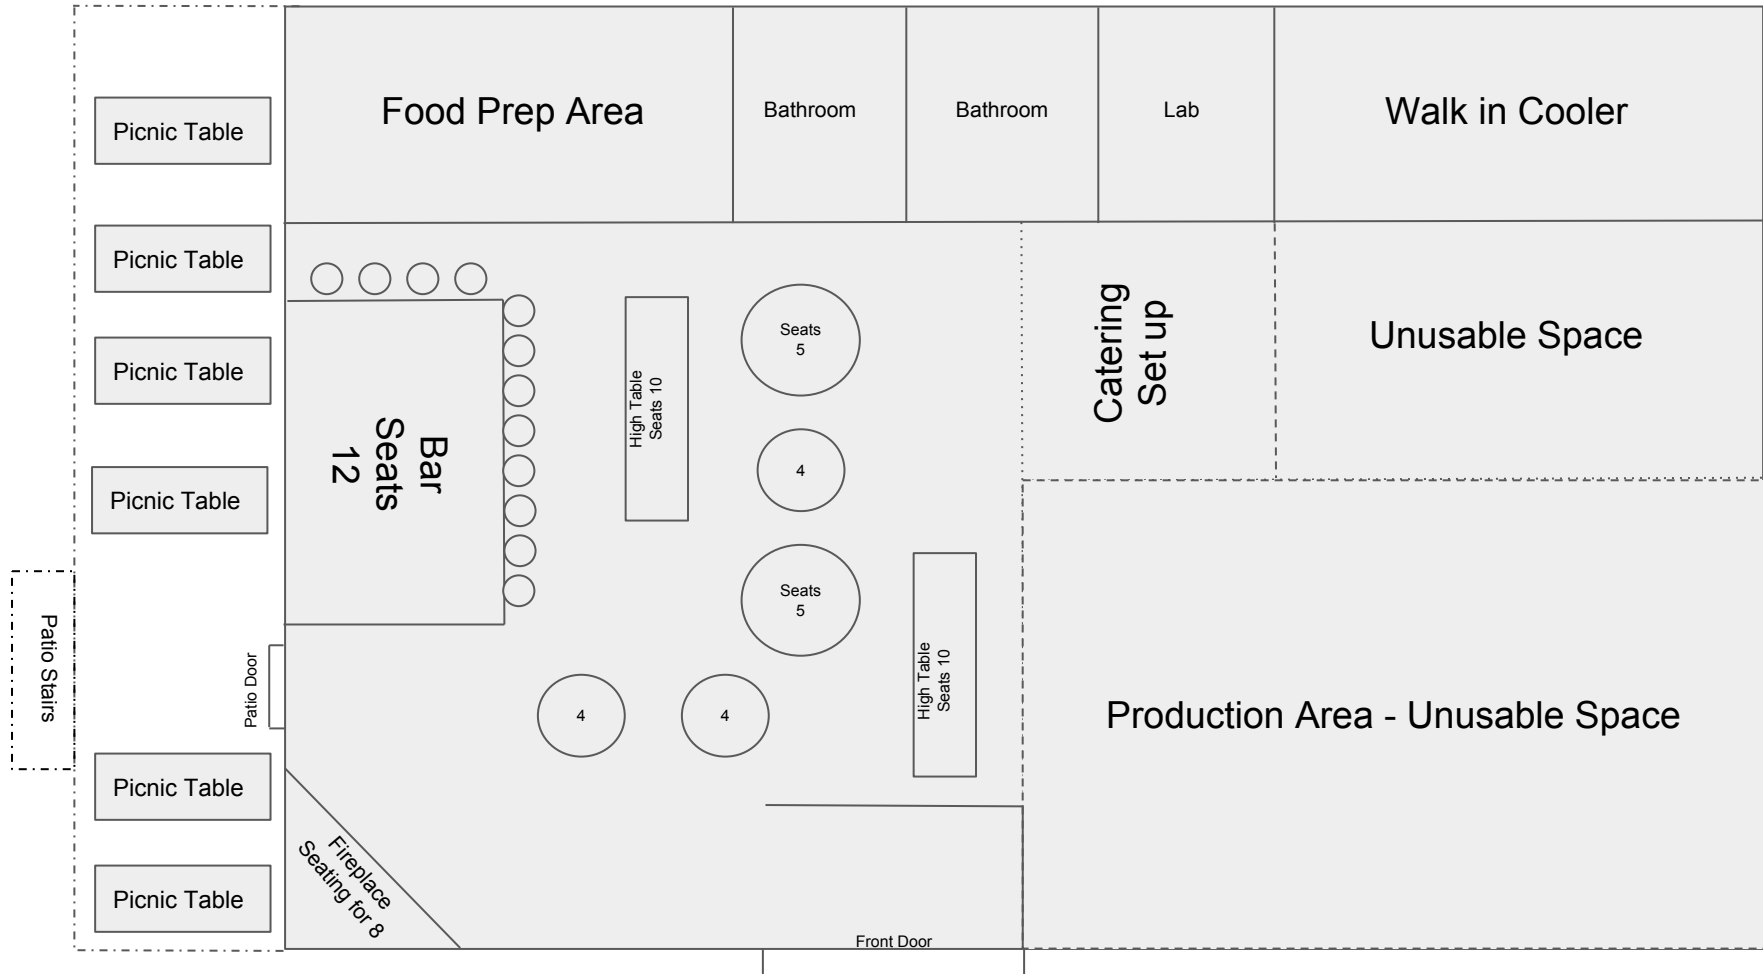

Thank you for considering our venue for your event. Cider Creek provides two options for the indoor setup of your event. Please review these carefully. No changes can be made to these layouts.

Option 1 - Floor plan is the current setup of the cidery. This is good for buffet and/or food stations. Your attendees can make use of the bar stools, tables and chairs as they are shown. Up to 150 can fit inside. With use of the deck space, ~200 people can be accommodated.

Option 2 - Floor plan is for a seated meal, maximum of 80 people seated inside. If you have more guests and want to utilize the picnic tables on the deck, an additional 48 people can sit outside.

Option 3 - (not pictured) If you have more guests and want everyone seated in the same space for a formal dinner, a tent, tables and chairs may be rented and used outside to accommodate your party.

INSIDE LAYOUT OPTION 1

INSIDE LAYOUT OPTION 2 - Maximum 80 seated indoor guests + bar seating
